- Skin Texture
- Brown Spots
- Oily + Congested Skin
- Enlarged Pores

The amazing results are both instant and long-lasting.

## NEED AN EXTRA BOOST?

Tailor your treatment with award-winning super serums to address specific skin concerns.

## TOP PERFORMING INGREDIENTS

### Horse Chestnut Seed Extract

Research has shown that Horse Chestnut Seed Extract is one of the most potent antioxidants. It helps to protect skin and is considered to be an anti-solar agent when combined with a sunscreen.

### Low Molecular Weight Hyaluronic Acid

Hyaluronic Acid is a naturally occurring substance that helps to hydrate and plump the skin. LMW Hyaluronic Acid is able to keep skin hydrated longer while significantly decreasing the appearance of fine lines and wrinkles.

### Arnica Flower Extract

Known for its calming properties, Arnica Flower is beneficial for dry, irritated skin. With ingredients such as flavonoids, stressed out skin is soothed and renewed.

### Algae Extract

Algae is rich in hydrating antioxidants that will leave skin feeling soft, smooth, and radiant. Algae also helps detoxify and replenish the skin with essential vitamins and minerals.

### Salicylic Acid

Salicylic Acid belongs to the beta-hydroxy family and acts as an exfoliating agent, sloughing away dead skin cells. This is extremely effective when targeting oily and congested skin because it helps reduce the build-up of dirt and sebum within the pores.
